CQ CQ CQ

So Geraint, why are you learning Morse Code?

Mainly because it's a challenge

Typical Morse Code learning curve

Jan March May July Sept Nov
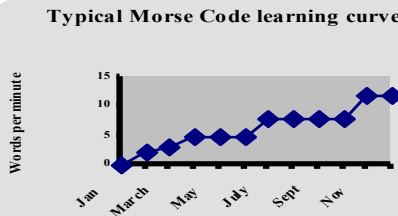

Are you looking for a challenge as Geraint is?
Do you own HF gear and can't use ALL the spectrum?
Perhaps you just want to brush up on your speed?

If the answer is YES come along to the CW class at 1930hrs and put your brain into gear with something that will not only get you on the HF BANDS but will stay with you for the rest of your life.

Some excuses why people shy away from the code

- ❖ It's another language.
- ❖ I haven't got the time.
- ❖ Out of date, no one use's it any more.
- ❖ The code is too slow, I can get the message over quicker with speech.

Come and learn the code and prove them wrong
